## WORK EXPERIENCE

---

### Jr. Web Developer

*Unison Computer Systems Inc.*

Jul. 2023 – Aug. 2024

*Pasig, Remote*

- Utilized full-stack development skills with CodeIgniter 3 to build and optimize relational databases, ensuring seamless integration of system components and enhancing overall functionality of front-end and back-end systems.
- Led enhancements for the **Integrated Sales System (ISS)** and **Human Resources Information System (HRIS)**, optimizing key processes in sales and HR management.
- Developed two sales features and one for HR, while optimizing the purchasing system to reduce load time from 12 to 2 seconds. Also created an API to streamline price changes for upper purchaser admins, improving efficiency.

### Web Developer Intern

*Department of Data Privacy Protection Office of RTU.*

Sept. 2022 – Dec 2022

*Mandaluyong, Remote*

- Developed the RTU: Web-Based Document Management System for Rizal Technological University.
- Served as the lead backend developer, while gaining foundational frontend experience.
- Engineered critical features for a web-based document management system, enhancing user access, file sharing, activity tracking, and compliance through automation and robust security measures.

### Computer Technician

*Freelance*

Mar. 2019 – Present

*Saint Monique Valais*

- Offer technical support and provide effective solutions for a range of computer-related issues.
- Assemble computer hardware components and efficiently resolve software problems.

### Data Entry Operator

*Barangay Muzon Hall*

Dec. 2018 – Jan. 2019

*Taytay Rizal.*

- Maintained, organized files and details of barangay employees.
- Tracked, confirmed and checked of different employee data.
- Microsoft Excel used as a database.
